Send an update of your products

The App imports your products every 4 hours, to do not wait, do it manually ;

The screenshot shows the 'Amazon Integration Plus' interface. At the top, there is a navigation bar with tabs: Dashboard, Connect, Workflow, Rules, Models, Actions (selected), and Reports. Below this, there are location dropdowns for 'amazon-plus-prod' and 'Amazon Europe'. The main content area has sub-tabs: Catalog, Orders, Operations (selected), Scheduler, Feeds, and Failures. A light blue box titled 'Manual operations' contains the text: 'All operations are triggered automatically by the scheduler. However, here, in case of need, you can for one task.' Below this, a list of operations is shown with corresponding 'Execute' buttons and estimated durations:

| Operation | Duration |
|--|-----------|
| Full inventory import from Shopify | > Execute |
| Update inventory from Shopify | 1:11 |
| Receive complete inventory from Amazon | 6:44 |
| Receive partial inventory from Amazon | 1:44 |
| Receive orders from Amazon | 3:43 |
| Update shipped orders to Amazon | 4:42 |
| Send all offers to Amazon | > Execute |
| Send offers to Amazon | > Execute |

Update the Model

If you don't know how to create a model, in the App, please refer to Help Center > Tutorials

In model, you will add attributes in that way;

The screenshot displays the 'Edit a model' interface. At the top, there are tabs for 'Matching groups', 'Models', 'Overrides', and 'Mappings'. The 'Models' tab is active. Below the tabs, the 'Edit a model' section shows 'Product Type: Computers - Monitor' with a 'Select' button. The 'Attributes' section is visible, showing a list of attributes. A modal window is open for editing the 'Bullet Point1 (BulletPoint1)' attribute. The modal has a title bar with a close button. Inside, there is a 'Default value' field, a checked checkbox for 'Use exist value', and a dropdown menu. The dropdown menu is open, showing a list of options: 'Bulletpoint1', 'SKU', 'Title', 'Tags', 'Vendor', 'Product Type', 'Weight', '-- Product meta fields --', 'Bulletpoint1' (highlighted in blue), 'Bulletpoint2', 'Bulletpoint3', and 'Bulletpoint4'. The background interface also shows 'Product code exemption:', 'Brand override:', and 'Manufacturer override:' sections. At the bottom, there are 'Delete', 'Cancel', and 'Save' buttons. A help message at the bottom reads: 'Models allow to enrich data of matching groups (set of products). You must configure the product type, universe and mandatory attributes.'

And repeat the operation for all bullet points.

Then your model will look like this:

Matching groups **Models** Overrides Mappings ?

Edit a model

Product Type: Computers - Monitor Select

Attributes Add

| | |
|--|---|
| Bullet Point1 (BulletPoint1) Default value <code>{{Bulletpoint1}}</code> | Remove Edit |
| Bullet Point2 (BulletPoint2) Default value <code>{{Bulletpoint2}}</code> | Remove Edit |
| Bullet Point3 (BulletPoint3) Default value <code>{{Bulletpoint3}}</code> | Remove Edit |
| Bullet Point4 (BulletPoint4) Default value <code>{{Bulletpoint4}}</code> | Remove Edit |

Product code exemption: None

Brand override:

Manufacturer override:

Models allow to enrich data of matching groups (set of products). You must configure the product type, universe and mandatory attributes.

And on Amazon

Your bullet points appear on the product sheet ;

The screenshot shows the top of the Amazon.co.uk website. On the left is the Amazon logo with 'amazon.co.uk' and 'Try Prime'. In the center is a search bar with 'Computers & Accessories' selected. On the right is a search icon and the text 'Hello, Feedbiz Account & Lists'. Below the search bar is a navigation bar with links for 'Deliver to Thailand', 'Prime Video', 'Feedbiz's Amazon', 'Best Sellers', 'Help', 'Books', 'Gift Ideas', 'Buy Again', and 'COVID-19'. Below the navigation bar is a category bar with links for 'Computers & Accessories', 'Best Sellers', 'Deals', 'Laptops', 'Desktops', 'Printers', 'Tablets', 'Tablet Accessories', 'Monitors', and 'Computer Accessories'. A dark green banner below the category bar contains the text: 'We are prioritising products that customers need most. Delivery times for some items may be longer than normal. Learn more >'
